

Coronavirus (Covid-19)

We continue to monitor and follow the latest government guidelines. The Bracondale office is closed to visitors. To ensure the safety of our staff, we have some members working from home and some working from the office. Tenants are advised to contact their Scheme Manager in the first instance. Office staff can still be contacted on 01603 625078. Or email: information@norwichhousingsociety.co.uk

All our social rooms across the schemes remain closed for social events and gatherings.

Our Scheme Managers will continue with their home visits whilst adhering to Covid-secure health and safety requirements.

Some housing assessments will be on hold depending on the housing situation. Our lettings and sign-ups will continue as normal whilst complying with all Covid-secure health and safety requirements.

Repairs and gas servicing will continue as normal.

We will continue to keep our tenants and staff safe, while ensuring we continue to deliver essential services as best we can under the circumstances.

Please help us keep everyone safe by observing the social distancing guidance when staff and contractors are in or around your home. This means staying at least 2 metres apart and wearing a face covering where required.

Thank you for helping to keep everyone safe.
